Our Profile

Printex knitwear is a Company Manufacturing and Exporting Knitted Readymade Garments to leading retailers in Europe and other Asian countries. The company has a factory at Tirpur. The company derives its strength from a strong production and quality system developed over the years, supported by a dynamic group of experienced, energetic and hardworking merchandisers and quality controllers.

BRANDS : "Printex knitwear" products are manufactured and marketed under the labels of "PRINTEX" to cater to the needs of children, men and women wear. This is a symbol of consumer's confidence, trust & loyalty towards the excellence of the brand, thus making it a brand earning many laurels from its valued consumers. We being trend setters in the kids wear segment, we create products in line with the latest international fashion trends, providing the fashion conscious kids stylish clothing and coordinated accessories with ever changing styles & products.

VISION : To create an international market presence & expand our market share exponentially to embrace diversity and to cultivate strength, pride and passion as we grow.

MISSION : "Change is the only constant" We believe in providing innovation in fashion, designs and ideas coupled, with superior quality products to remain as market leaders and trendsetters in the garments

TECHNOLOGIES : "Printex knitwear" products are manufactured using the latest machinery installed in clean and airy units. Use of specialized machinery and stage-wise inspection ensures uniformity in manufacture of high quality products. This is done at specialized manufacturing units using the world's best garments manufacturing machines.

The manufacturing process is monitored using an on-line, collaborative package developed in-house to cater to the specific needs of the garments industry. This package gives a bird's eye view as well as the intricate details of each stage of manufacture. These enable us to formulate production plans and provide means of implementing and monitoring production, dispatch, etc. and provide timely alerts enabling us to take corrective actions as and when required.

PRODUCTS : "Printex knitwear" commitment to quality & creativity is evident through its products & designs. At our research, design & manufacturing facilities, everything is geared to user friendliness & reliability, from what we produce to how we go about producing it. The same exacting standard is applied to quality control. PRINTEXINDIA range of clothing comprises of trendy designer wear trousers, denims, Capri's, shorts, shirts, t-shirts, jackets, etc. This range is complemented by a wide variety.
